YOUR PROBLEMS

by Ann Landers

A Caution to All Students

Dear Ann Landers, I'm in hot water and it's all your fault.

I was reading a newspaper in class this morning (not ANY newspaper, mind you . . . THIS one) and in a matter of minutes I sensed a human nearby—just standing there. It was not the teacher. Worse yet. It was the principal.

He said, "What do you think you are doing?" I gulped a few times and said "I am reading Landers." He said, "So I see" and then he hauled me up to the teacher.

Now I have to write your column out in long-hand every day for two weeks UNLESS you will print my letter and advise students that it is not wise to read your column during class. Please get me out of this. Do you know that your average column has 706 words in it? My arm is about to fall off.—Dave.

Dear Dave: I am flattered by your loyalty but I am distressed that it has caused you trouble. I'll do my best to get you off the hook.

Hear ye! Hear ye! All students who read Ann Landers in class. Desist. Refrain. Let not your eye be beguiled by "unscheduled" reading matter. Ye shall be graded on your knowledge of Homer and Kant. Not Landers. Chance it not or ye may be banished from the classroom forever—and me with thee.

Dear Ann: Your answer to "Marybelle" really hit the spot with me. I, too, had a boy without a car and was embarrassed because we had to ask other people for rides, or take a bus, or use good old-fashioned shoe-leather.

I was a girl who had a lot on the ball, and I was pretty, too. I could have gone with any fellow in college but this guy was terrific (though broke). I decided to go along with him, and make whatever sacrifices were necessary.

I'll never forget the time he rode me to the swimming pool on a bicycle. I sat between him and the handle-bars! When some kids we knew passed us on the highway in a new Buick, I almost died of shame.

That was in 1950. We married two years later and now we have a lovely home (paid for) and beautiful furniture.

My car is a '58 model and he drives a sport car to work. The fellow who passed us in the Buick is still driving the same car (this is nine years later). I am very happy I had the sense to stick with a guy who had potential—G.P.G.

Dear Ann Landers, Boy, have I got a problem! The office manager is a gentleman in his middle 50's. He has a car that drives the rest of us

MRS. THOMAS J. HANLEY
... Recites Vows

Marilyn Revell Now Mrs. Thomas Hanley

Holy Trinity Catholic Church in San Pedro was the setting on Jan. 10 for the wedding of Miss Marilyn Ann Revell, daughter of Mr. and Mrs. Gerald Revell, 16 Eastfield Dr., Rolling Hills, and Thomas Jon Hanley. The bridegroom is the son of Mr. and Mrs. Edmund Hanley of Inglewood.

As the 150 wedding guests assembled, Mrs. A. C. Baker, at the organ, played a medley of nuptial music and accompanied Mrs. Ray Murphy, who sang Schubert's "Ave Maria."

Mr. Revell escorted his daughter to the altar. She was lovely in her wedding gown of Chantilly lace and candlelight satin. The gown was fashioned on empire lines with a lace bodice. Details were a scoop neckline and three quarter sleeves. The full flowing skirt of bridal satin fell into a bubble train. The imported illusion bridal veil cascaded from a lace and pearl pill box and the bride carried white orchids and stephanotis.

Miss Joan Revell was her sister's maid of honor. She wore a gold and pink iridescent taffeta balloon dress. Her headpiece was a face veil secured by a matching velvet and pearl bandeau and her bouquet was a crescent of tangerine carnations.

Bridesmaids were Miss Carol Armstrong and Miss Josephine Puetz. Their gowns were also of the balloon effect made of blue and green iridescent taffeta. Crescents of yellow carnations made their bouquets.

Toni Navarro stood as best man and ushers were Gene Sullivan and Edward McFarland. The Rev. George Gallagher officiated at the vow exchange. He was assisted by John and Barry Revell, brothers of the bride, serving as acolytes.

Following the wedding a reception was held at the home of the bride's parents. The newlyweds then left for
